**Consent to Access Medical Records**

This practice holds medical records relating to the treatment and services patients receive from their GP. We are asking permission for these records to be looked at by external auditors assessing quality of care if the need should arise.

Your GP practice supports these checks, as they are an important part of ensuring quality and efficiency of care and treatment in the NHS. The auditors who carry out these checks are bound by the strict rules of confidentiality and your records will only be used for the purpose described.

Please tick either of the two boxes below:

| | |
|---|---|
| | **I DO** consent to auditors looking at my medical records |
| | **I DO NOT** consent to auditors looking at my medical records |

**Summary Care Records – your emergency care summary**

The summary care record (SCR) will contain information about any medicines you are taking, allergies you suffer from and any allergic reactions you have had. It will be used in emergency care (A&E, Out of Hours, Walk-in centres, and Temporary patients at other practices), to ensure those caring for you have enough information to treat you safely. If you already have an SCR, or are happy to have one, you do not need to take any action. If you do not want an SCR, please check the “no” box below and we will arrange for you to opt out of the SCR scheme. If you need more information, please ask at the Surgery. Please tick the box below **only** if you would like to **opt out** of the Summary care record:
